SHORT EDITION STORY DISPENSER

Ideal for spots where a wait is inevitable, the Short Edition Story Dispenser spits out shorts stories for free. Buttons on the top let you choose between stories that take one minute, three minutes, or five minutes to read. Press one and a story is dispensed on a receipt-like scroll from the slot up front. It's completely free for the reader, and the dispenser uses eco-friendly paper and requires no ink or cartridges, limiting maintenance to paper roll replacement.
